Engineering Support

Supplier Clearance

The engineering process audit has been performed successfully. The company mentioned below is therefore approved according to PB-KV-03 respective KPB-KV-03 as a "LM-UAN Entwicklung" supplier for Airbus Cabin & Cargo Electronics and KID Systeme GmbH in the scope of airborne hardware and software development.

The Airbus Cabin & Cargo Electronics and KID Systeme GmbH approval

LM-UAN Entwicklung
as ECYE/ ECBE Sub-contractor
and KID-DOA EASA.21J.589 Sub-contractor

will be given to

RST Rostock System-Technik GmbH
Friedrich-Barnewitz-Straße 9
18119 Rostock
Germany

for a limited time from June 30th 2018 to June 29th 2020.

This approval is valid only combined with a valid EN 9100:2018 certification and with realization of Non Conformity Reports: NCR_01 to NCR_03.

Approval may be withdrawn at any time at the discretion of Airbus Cabin & Cargo Electronics resp. KID Systeme GmbH.
